

3 NATIONS COVID-19 UPDATE – 06 July 2021

The information contained in this report is based on recent updates and current information available at the time the report was finalized. It is not inclusive of all actions or measures taken to date by health officials federally, provincially, or locally.

COVID-19 CASE COUNTS

STATUS OF CASES IN BC¹	As of Jul 05	As of Jul 06	Change
Total confirmed cases in BC	147,790	147,797	46*
Total active cases in BC	652	602	-50
Currently in intensive care	30	22	-8
Currently hospitalized	85	87	2
Total hospitalized to date	8,050	8,052	2
Total deaths in BC	1,759	1,759	0
Total recovered in BC	145,362	145,420	58

CONFIRMED CASES BY REGION¹	As of Jul 05	As of Jul 06	Change
Total confirmed cases in BC	147,790	147,797	46*
Vancouver Coastal Health	35,518	35,502	13*
Fraser Health	85,874	85,889	15
Island Health	5,161	5,163	3*
Interior Health	13,224	13,237	13
Northern Health	7,802	7,800	-2*
Out of Canada	211	211	0
Total tests	2,953,548	2,958,650	5,102**

STATUS OF CASES IN YUKON²	As of Jul 05	As of Jul 06	Change
Total confirmed cases	425	435	10
Total active cases	149	147	-2
Total deaths	5	5	0
Total recovered	277	287	10
Total individuals tested	12,058	12,180	122
Negative results	9,584	9,631	47
Pending results	63	109	-46

*Due to a data reconciliation by the BCCDC, there are several discrepancies between new case counts reported today and the differences in cases from July 5th to 6th.

** The B.C. Government reported 4,895 new tests but this does not align with the difference in total test numbers between July 5th and 6th.

SIGNIFICANT UPDATES IN BRITISH COLUMBIA

- No significant updates from British Columbia.

SIGNIFICANT UPDATES IN THE YUKON TERRITORY

- Today, Dr. Brendan Hanley, Yukon’s Chief Medical Officer of Health, announced the following regarding cases of COVID-19 in the territory: ⁶
 - There have been 10 new cases of COVID-19 since Monday afternoon.
 - The surge in COVID-19 infections continues in Whitehorse and communities throughout Yukon.
 - Rapid response COVID-19 testing teams have been dispatched to Old Crow and Mayo.
 - The clinic in Mayo will be open Wednesday July 7th at J.V. Clark School from 10:00 a.m. to 5:00 p.m.
 - The clinic in Old Crow will take place July 7th, 8th, and 9th from 11:30 a.m. to 3:30 p.m. at Chief Zzeh Gittlit School.
- On July 5th, Dr. Hanley, announced the following regarding cases and exposures to COVID-19. ⁷
 - There have been 40 new cases of COVID-19 since Friday afternoon.
 - Public exposure notification letters have been sent to parents and staff at Grow with Childcare, Days Inn location, for those that attended the preschool, after-school, and kindergarten groups from June 23rd to June 30th.
 - The Yukon Communicable Disease Control (YCDC) has provided specific direction to those affected based on the days attended.
 - All other information will be provided by the daycare operator to parents and staff, based on advice from the YCDC.
 - As a reminder, anyone who is experiencing symptoms in Whitehorse should call the COVID-19 Testing and Assessment Centre at 867-393-3083 or book on-line to arrange for testing at <https://book-covid-19-test.service.yukon.ca/en/>
 - Testing turnaround times remain quick, and negative results can now be accessed online for faster access to results at: <https://yukon.ca/en/find-out-what-your-covid-19-test-results-mean>
 - Testing for COVID-19 is more important than ever and people who are vaccinated may also acquire COVID-19 and should seek testing if symptoms develop.

SIGNIFICANT UPDATES FROM THE GOVERNMENT OF CANADA

- Today, Dr. Theresa Tam, Chief Public Health Officer, issued a statement regarding COVID-19 vaccines in Canada. ⁸ Highlights include the following:
 - “With the ongoing expansion of vaccine eligibility, the administration of first and second doses of COVID-19 vaccines is continuing across the country and there is increasing

⁸ <https://www.canada.ca/en/public-health/news/2021/07/statement-from-the-chief-public-health-officer-of-canada-on-july-6-2021.html>

- optimism that widespread, stronger and longer lasting immunity can be achieved by fully vaccinating a high proportion of Canadians.”
- “Canadians can access information on www.Canada.ca to understand the benefits of being vaccinated against COVID-19, as well as find guidance on life after vaccination.”
 - “Free interactive risk assessment tools developed by Ryerson’s National Institute on Aging and supported by the Government of Canada are also available at <https://covidvisitrisk.com/>.”
 - “These resources aim to assist Canadians with informed decision making and understanding of COVID-wise precautions that lower COVID-19 risks according to personal and family health and vaccinations status, as well as different risk settings and activities.”
 - “However, as jurisdictions begin to ease restrictions, risks and circumstances are not the same everywhere and following local public health advice continues to be important, regardless of your vaccination status.”
