

2022 GCMC Bursary Recipients

Each year, Galore Creek Mining Corporation (GCMC) commits to providing bursaries to advance the education goals of the Tahltan Nation and Tahltan members and announces the successful recipients on Tahltan Day. With the addition of the new Ann M Ball bursary in 2021, this year GCMC is awarding a total of \$25,000 to support Tahltan students.

Between our two bursary programs offered, we received more than 25 quality applications. It is exciting and inspiring to see such a range of leadership, aspirations and community involvement represented in the Tahltan community. Congratulations to the following Tahltan students on receiving bursary awards from GCMC, we wish them all the best in their future endeavours.
