TAHLTAN CENTRAL GOVERNMENT

JOB POSTING

Casual Fisheries Field Technician, Fisheries Department

Reports to: Fisheries Manager

Job Duration: Casual On-Call Employment**,** from April to October 31, 2026.

Summary: As a Casual On-Call fisheries technician you will support the delivery of fisheries projects carried out by the Tahltan Central Government Fisheries Department. This is a seasonal, on-call role that requires availability throughout the fisheries season, from April to October 31, 2026. This role is rooted in stewardship of Tahltan lands and waters and contributes to the monitoring, conservation, and management of fish populations within Tahltan Territory.

Work is dependent on project needs, environmental conditions, and operational priorities. Successful candidates must be available to work on short notice, as scheduling may change quickly based on field conditions, weather, and project timelines. Work may include participation in joint initiatives with Fisheries and Oceans Canada and other partners, supporting stock assessment and fisheries monitoring activities within the Stikine River watershed and surrounding areas. Fieldwork may take place in remote camps, with travel by boat, helicopter, or small aircraft.

Responsibilities:

- Collect biological data and samples in a safe, accurate, and timely manner.
- Participate in fish population monitoring and assessment activities.
- Maintain daily communication with supervisors and project leads.
- Complete fish logs, reports, and data entry as required.
- Assist with setup, maintenance, and teardown of field camps and equipment.
- Follow all health and safety protocols, including wildlife awareness and remote work procedures.
- Work collaboratively with team members, leadership, and external partners.
- Support additional fisheries-related tasks as required.

Qualifications and Requirements:

- Ability to work in remote field environments for extended periods of time.
- Valid Class 5 Driver's License.
- Grade 12 or equivalent.
- First Aid Certification (or willingness to obtain).
- Ability to work flexible hours, including extended days and weekends.
- Physically capable of performing fieldwork in varying weather conditions and terrain.
- PAL (Possession and Acquisition License) is an asset.

Note: *We recognize and value a range of lived experiences. Equivalent combinations of skills, knowledge, and community experience will be considered.*

Box 69, Tatl'ah (Dease Lake), BC, Canada V0C 1L0 TEL 250 771 3274 FAX 250 771 3020 tahltan.org

Personal Skills & Attributes:

- Respectful and grounded in working on the Land
- Reliable and accountable
- Adaptable and able to respond to changing conditions
- Strong communication and teamwork skills
- Willingness to learn and take direction
- Comfortable working outdoors and in remote environments
- Awareness and respect for wildlife and natural surroundings

Other Skills & Assets:

- Basic computer skills (e.g., Excel, Word, data entry)
- Experience working in fisheries environment monitoring, or field-based roles is an asset

Remuneration and Work Hours:

- Daily rate based on experience.
- This is a casual, on-call position, hours are not guaranteed.
- Work schedules will vary depending on operational needs and field conditions.
- Availability on short notice is required.
- Travel and work outside regular office hours may be required.

Work location: Varies based on project.

How to apply: Please email your resume and cover letter, in PDF file format, to hr@tahltan.org with subject as **"Casual Fisheries Technician, Application."**

Deadline for Application: June 30, 2026
